

Hello Dali class

I hope you are all well and being as good and kind as you can for your mums and dads as well as brothers and sisters, (I really mean that).

I really hope it won't be too long before I see you all. I am missing your smiley faces and the times we have together as a Dali class family.

We will continue updating the pupil work folders with tasks to do across the curriculum. You may have had a break over Easter from school work but please tackle the tasks set. Well done to those of you who have been doing tasks set in Spag. com and My Maths. I look at these regularly and have left feedback. If you have not been trying these start now. Remember you all can access these from different devices you don't need to have a laptop.

I know it can be difficult to keep focused on school work whilst not at school but set time aside each day. You have 2 ongoing projects –evacuation in WW2 and space. I am looking forward to seeing your work linked with these themes and we will celebrate this when we return. Watch out for the Rockstars tournament set and try the coding tasks. Consider the questions set about the miracle of the raising of Lazarus. You are always very thoughtful about your responses and ideas, Dali class.

See you soon Dali class .

Stay safe,

Miss Askew
