

Hello to everyone in the Early Years

We hope that you all have had a good half term week with your families.
The weather has been lovely, lots of sunshine for us all to enjoy.

Kit has been busy this week building a robot with boxes and string, he has also been writing in his diary. We went for some really long walks though nature reserves, in woods, across fields and along the river. I like to count the steps on my Fitbit, some days I managed 20 000. We saw some great wildlife too! We saw a heron, some deer, lots of rabbits, some squirrels, ducks and ducklings and fish jumping in the river. I wonder if you have spotted some wildlife on your walks.

Of course there has been plenty of football too, which is always Kit's favourite.

Stay safe everyone and keep smiling for your grown ups,

Love from Mrs Brown

Hi Everyone,

I hope you have all had a lovely half term and have had some time outside enjoying the sunshine.

I got up very early one morning and went for a walk at the coast. It was very quiet and peaceful. I have also been reading some books in my garden, I love to read. Have you been enjoying some good books? Which one is your favourite?

I know you are all trying your best at home so keep up the good work.

Keep smiling.

Love from Mrs Duncan

Hello everybody,

How are you all this week? We have been very lucky with the weather. I hope you have all been staying safe in the sunshine.

We have enjoyed lots of time in the garden, playing games, planting and looking after the flowers while the sun has been shining. We have had a few strawberries that were ready to be picked on our strawberry plants too. I was so pleased because strawberries are one of my favourite fruits and they were delicious with some ice cream. Just what you need on a hot day!

Evie is getting very excited for her birthday now. Only a couple of days to go! Chloe is very organised and has her presents wrapped up. I can't tell you what her presents are because she is peeping over my shoulder while I write this letter and she might see and it will spoil the surprise. But I will give you a clue - One of them will make her smell beautiful.....Any ideas?

Take care of yourselves and your families.

Love Mrs Smith

Hello all of our lovely friends in early years,

I hope you've had a brilliant half term. What have you been up to? The weather has been gorgeous so I ordered us a big paddling pool and we have been outside all week, splashing around! We have had picnics in the garden for lunch and barbecues for tea and pretended we were somewhere hot on holiday!

I'm still missing you all so much and it was lovely to see some of you on Thursday when I was in school.

Take care, continue having fun and I will see you soon.

Love from Miss Thompson

Hello everyone

This week I have been outdoors enjoying the lovely weather. You will be pleased to know that Matthew's puncture has been fixed so we have been out and about on our bikes. We have also been barbecuing in the garden while the sun has been shining. I wonder what you have been up to. I know you will have been doing lots of lovely things.

Take care

Love from Mrs Young

Hello my wonderful nursery and reception friends.

I hope you're all well and still having fun at home with your families. We have had a lovely week in the sun spending more time in our garden. We've had lots of wildlife visit the garden this week starting with a hedgehog who I saw wandering around before bed, he was very cute. Then Mr Kebell saw something even bigger and more unusual in the garden in the middle of the night...a badger! He was very big and was snuffling around on the lawn but then he went into a hedge and disappeared. I wonder where he lives or if he has a badger family nearby. The next evening we also saw an owl fly over our house! Have you seen any animals in your garden?

This is a lovely time of year to spend lots of time outside and see what wildlife you can see.

Enjoy your week at home with your families everyone.

Keep smiling,

Love from Mrs Kebell

Hello Everyone,

I hope you have all had a lovely week enjoying the sunshine. We have been playing lots in our garden, making dens, having fun in the paddling pool and making shadow pictures.

One day we made magic potions using tubs from our recycling box with water and different food colouring in. It was very exciting to see the changes when we mixed the colours together, the boys had lots of fun.

My son has enjoyed going out on his bike which means we have been exploring new places and discovering new walk in our area. Have you been able to go for walks with your families? I'm really looking forward to sharing all our stories with each other.

Have another lovely week at home everyone, take care and be good for your grown ups.

Love from Mrs Pike
