

Hello Himid Class!

I hope you've all enjoyed your break and spent lots of time in the sunshine! I've managed to catch a tan somehow, I mean, I'm not complaining because I doubt I'll be going on holiday any time soon 😊. Other than sunbathing, I've become a big fan of making desserts. I recently discovered how easy it is to make different types of fudge with just 3 ingredients and no actual baking! Over the weekend, I made Reece's peanut butter/chocolate fudge and some little cookie monsters. Let me show you!

I haven't received many pictures of the activities you did outdoors last week, which I was really looking forward to 😊 Please try and send them in and keep me updated as much as you can! I miss all your lovely faces.

The Twitter account is **@HimidClass** for anyone that would like to tweet me personally! I'd love to hear from you. 😊☐

I'm always checking MyMaths and Spag.com and I have left the old tasks on there for those who still have not completed them, so get cracking with those too.

I'm so excited to see my Year 6 bunch next week. Year 5s, it's only a matter of time until we're re-united (which I also can't wait for).

Stay safe,
Miss Al-Saffar 😊☐
