

Hello Himid Class!

Just a quick message to say that I'm thinking of you in these difficult times and miss you all! I hope you're all on your BEST behaviour for your parents and carers and that you're staying happy, healthy and safe.

I hope you're making the most of this time that we have, to spend quality time with those you live with and to really enjoy the simple things in life. Try to do as many activities as you can which are not on a screen! (Which I'm sure you all are). I know how hard it can be to stay motivated during times like these, but you will surprise yourself with how much you can learn!

Along with the tasks I have set you, challenge yourself to try and learn something new. You could even just try something new, which you may never have thought about doing before. Although I am not there to teach you, I am constantly wishing the best for you from afar and believe that you are all capable of pushing and challenging yourselves to achieve great things!

I regularly check SPag.com and MyMaths and it is wonderful to see how hard some of you are working. You can access these things on many devices (iPhones, iPads etc.) not just laptops.

Please continue to be as amazing as you always are, and if you need to ask anything, please feel free to get in touch.

Hope to see you soon Himid.

Take care, 😊

Miss Al-Saffar
