

Hello Picasso Class,

I hope you've all had a lovely half term and enjoyed all of this lovely sunny weather. This week, I have tried to spend as much time outside as possible! I have been having barbecues outside, taking long walks near along Whitley Bay coast and cleaning up my back garden. On Saturday, I drive down to the Lake District and went hiking! The views were absolutely incredible and luckily I also didn't get sunburnt. After walking around the whole lake, we went for a swim but it was very cold. I am going to try and visit some different forests and walking spots around the North East to get some fresh air and steps on my Fitbit. I have been going on socially distanced jogs with a friend to keep my step count up. In the evenings, I have also been watching some documentaries to learn about British history; the latest one was all about Queen Victoria's 9 children. On Wednesday, I bought some new plants for my house and I have been learning about how to keep them alive. These are very special indoor plants, with big beautiful leaves.

I have really enjoyed seeing pictures of what you have been getting up to at home on my email and twitter! It is lovely to see you spending time outside and with your families. Well done to all of you for continuing to work hard with your parents at home on the activities set each week. Remember to keep checking My Maths, Times Table Rockstars and SPAG as we set you new challenges to try each week. Miss Green and I have been missing you lots over these past few months and are excited for when we are back together again!

Keep safe!

Lots of Love,

Miss Mitchell and Miss Green
