

Hi Picasso Class!

I hope you're all doing well and you are enjoying home school. Until we are back in school together again, I thought I would write to you and give you an update about Rosie, Lola and Buggy.

All three bunnies are doing well and enjoying their daily treats of lettuce, apples and carrots (as well as lots of hay). Luckily, no more cables have been chewed through.

They have enjoyed having some time in the sun but are a little scared of the seagulls they can hear outside.

They have learnt to climb the stairs and use the new tunnel I bought them. I am going to build them a new hutch with some toys to keep them entertained during the day. I am planning to build them a new hutch.

Could you design a new hutch for Rosie, Lola and Buggy? They would need lots of hay, water bottles, litter tray, toys to play with and somewhere to sleep at night. You can send your designs to the school email addresses and they will be sent to me! 😊

Keep working hard at home, being kind to one another and get your daily exercise!

See you soon!

Miss Mitchell 😊

P.S. I've attached some photos of the bunnies!
