

Hello Seurat class,

Another week has flown over! I have been loving the nice weather this week. I have been for walks in Herrington Park to see all of the swans and ducks, there's so many! I have been growing some vegetables this week so I have built a vegetable patch in my garden. I can't wait to be able to eat my own vegetables. The cows in the field at the end of my garden have been coming to say hello everyday; they are becoming friendlier. My boyfriend has been trying to teach me how to do 'keepy ups,' I think my record is about 4... It's hard! This will be my new skill for this week. Have you tried to learn a new skill?

I have loved more of you posting to our class twitter page, @Seuratclass. I enjoy seeing all of your adventures and the hard work you have been doing. Please try your best to keep up to date with the pupil folder. Remember, all of the work doesn't need to be completed straight away, you can spread it out and complete it at your own pace. Online work through My Maths and SPaG is set every week for you to access. If you have any questions or just want to get in touch, please do.

Have a lovely week and stay safe,
Miss Addison
