

Hello Seurat class!

I hope you all had a relaxing half term and made the most of the gorgeous weather. I certainly tried to be outside all day getting a sun tan. I was in school on Tuesday with Mrs Moore. We made the most of the sunshine and played on the yard and field for a lot of the day. Have you managed to play outside?

On Friday we drove to Newcastle to have a walk around the streets and quayside, it was eerily quiet. My sister came up from Leeds to visit on Saturday as she hasn't seen any of our family in over 12 weeks! She brought her own packed lunch and we sat 2m away in the garden having a catch up. It was lovely to see her and I can't wait until lockdown is a little bit more relaxed.

I am in school next week preparing for the return of some children. I wish I could see you all and we could have our amazing class back. I think about you all everyday and wonder what things you've been getting up to. It has been lovely to see some of your photos on Twitter.

Remember that there is still some work to do online through My Maths and SPaG.com. Well done to those people who are still logging in every week. You can contact me for support or to show what you've been doing through the school email or on Twitter, @Seuratclass

Enjoy another week, stay safe!
Miss Addison
